of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and, by placing them in a healthy condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealty Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of imposters, imitations and concoctions said to be just as good.
